DETAILING HANDBOOK NO 2203

ABOUT US

Maxshine began 16 years ago with the idea that quality and durability must come first in the detailing industry.
With that in mind, we dedicated ourselves to designing and manufacturing the best long throw dual action polishers, pads, and a vast library of products that remain the best in the business to this day. With innovation leading our development in creating quality products, Maxshine has become a trusted brand in the detailing world; with distributors and product sales in more than 100 different countries and regions around the world.

Our dedicated and sincere love for the detailing industry will never change, no matter what circumstances surround us.

DUAL ACTION POLISHERS

Technical Data

Art.N°	Disc Size	Orbit	Rated Voltage	Input	Spindle Thread	No Load Speed
M8 Pro	125mm, 5"	15mm	220-240V AC	1000W/9A	5/16"-24	2600-6800/min
M15 Pro	125mm, 5"	15mm	220-240V AC	1000W/9A	5/16"-24	2200-5000/min
M15 Pro G	125mm, 5"	15mm	220-240V AC	1000W/9A	5/16"-24	2200-5000/min
M21 Pro	150mm, 6"	21mm	220-240V AC	1000W/9A	5/16"-24	2200-5000/min
Included: PU Hook & Loop Backing Plate, D Handle, Wrench, Carbon Brush, Manual.						

Features

- Powerful 1000-watt motor, for fast and easy defect removal.
- Soft-start feature ensures no product sling.
- Ergonomically shaped, non-slip rubber grips on both the horn and handle make the machine a pleasure to use and hold.
- Speed control dial features large font, with a tactile "click" with each speed selection.
- Progressive trigger enables precise, variable, user-defined machine speed.
- Removable grills enable easy cleaning of debris and compound build-up from the inside of the machine.
- CNC-machined stainless-steel counterweight.
- Machine head features intearated heat dissipation technology.

M15 Pro G

Pro SERIES

550W Long Throw Dual Action Polisher
ENHANCED PERFORMANCE

M312

Features

- **POWERFUL ENGINE:** Maxshine's 12mm orbit 550W DA polisher improves effciency and guarantees more power and torque on any surface.
- **ADVANCED SYSTEM:** Soft Start for easy use and application. Constant speed control and a CNC Machined Counterweight built in.
- **PERFECT BALANCE:** The perfect balance of the components makes polishing comfortable and vibration free. This ensures an optimum transfer of power to the surface, and makes even hard-to-reach spots accessible.
- **EXCELLENT POWER CORD:** 4m extension to strengthen the power cord.
- **IMPROVED SPEED CONTROL SYSTEM:** Adjustable speed dial from 2000 to 5500 oscillations per minute.

are designed to complement the M8S V2.

MINI POLISHING SYSTEM

MN01

Cable: 1.5m
Thread: M14

The MN01 is designed to be used in tight areas like car headlamps, fog lights, brake lights, door handles, emblems, glass, interior console panels and other small areas. The universal locking mechanism makes it extremely easy to lock-in all of your favorite accessories. Specifically designed for polishing small areas, the MN01 is proficient in gently removing debris, scratches and other surface imperfections on the recessed areas of your vehicles. A variety of mini-custom accessories are included that allow you to work on different surfaces. It comes ready to connect to a M14 connector - which are the industry standard outputs for rotary polishers.

MINI CORDLESS POLISHER V2

Product Introduction

Gain the ability to polish tight areas, complex curves, minute details, and anywhere a full-sized machine cannot. MaxShine's Mini Cordless Polisher V2 allows you maneuver freely and precisely to achieve that perfect finish. The V2 takes the best of the original and boosts it with upgrades.

Upgrade machined CNC steel counterweight and NSK bearing
New interior construction adds higher quality and more durability
LED display: RPM and battery life
Softer and more ergonomic grip
Larger and more precise speed controller with anti-slip switch
Increased torque, better balance, and lower vibration and temperature
Improved battery quality
Elevated accessories kit

Features:

Lightweight and compact
Dual Action and Rotary capability
1.5" & 2" backing plates included, as well as rotary extension bars
2 battery packs provide continuous use

M0312 V2

PACKAGE INCLUDING:

Mini Cordless Polisher

1.5" Wool Cutting Pad (5pcs)

2" Wool Cutting Pad (5pcs)

ROTARY POLISHERS

550W Rotary Polisher

Features

- **POWERFUL:** Maxshine has designed the M550 rotary with a highly-efficient, 550-watt motor to guarantee more power and torque on any surface, making your detailing experience easier and more efficient.
- **ADVANCED:** In the event of overheating, the M550 features an auto shut-off carbon brush to prevent otor damage. All ball bearings are sealed as well for a longer service life.
- **PERFECTLY BALANCED:** The internal components have all been designed and arranged to provide perfect weight distribution for polishing, taking stress off of the user.
- **POWER CORD:** A 4-meter (13") extension cord ensures free range of motion, while reinforcements around the base of the cord guarantee durability.
- **USER DEFINABLE SPEED CONTROL:** Adjustable speed from 1000 to 3500 rpm provides the user the ability to cut quickly and finish delicately.

Technical Data

Art.N°	Disc Size	Rated Voltage	Input	Spindle Thread	No Load Speed
M550	75mm, 3"	220-240V AC	550W/5A	M14	1000-3500/min
Included: PU Hook & Loop Backing pad, Wrench and Carbon brushes.					
Best for spot polishing, very light!					

M550

1000W Rotary Polisher

Features

- **POWERFUL:** Maxshine has designed the M1000 rotary with a highly-efficient, 1000-watt motor to guarantee more power and resistance to stalling.
- **ADVANCED:** In the event of overheating, the M1000 features an auto shut-off carbon brush like the M550 to prevent motor damage. All ball bearings are sealed as well for a longer service life.
- **PERFECTLY BALANCED:** The internal components have all been designed and arranged to provide perfect weight distribution for polishing, taking stress off of the user.
- **POWER CORD:** A 4-meter (13") extension cord ensures free range of motion, while reinforcements around the base of the cord guarantee a long service life.
- **USER DEFINABLE SPEED CONTROL:** Adjustable speed from 800 to 3300 rpm. provides the user the ability to cut quickly and finish delicately.

Technical Data

Made with extra-soft foam layer.

WOOL POLISHING PADS

WOOL CUTTING PAD

Knitted Wool Pads are made from 100% Wool, with strategic manufacturing techniques that produce consistent fiber thickness, height, and density. This technique allows Maxshine Wool Pads to maintain their shape and produce less lint and debris. Premium performance and heat-resistant construction allows the user to preform aggressive scratch and swirl removal while leaving a glossy finish.

Options:
1. Bevel Edge(Popular)
2. Straight Edge.

DETAILING WASH BUCKET

Professionals recommend the two-bucket system to guard against wash-induced swirls. Fill one bucket with soapy water and fill the second bucket with clean water.
Each time you need to reload your wash mitt, rinse it in the clean water first. Then reload the mitt in the soapy water. This extra step will keep the wash water clean and reduce the amount of dirt you transfer back to the paint.

MINI HANDHELD DRYER

- •The efficient 1.5HP motor increases air temperature, up to 25 degrees above ambient temperature, which provides faster drying
- • It's filtered air is ideal for delicate surfaces like paint, chrome, and plastics
- • The ergonomic handle optimizes reaching every area in any orientation
- • Perfect for removing water out of all the hard-to-reach places like grilles, bumpers, vents, and wheels
- • More efficient and powerful, while remaining light weight

Maxshine Mini Handheld Dryer may be light and compact, but it packs a big punch. Ideal for safely and easily drying every bit of a vehicle, it comes with a handy 20ft/ 6M Cord and a choice of 2 nozzles to suit any job.

EVO-S

Air Filter

Filter the air and thicken the filter element to avoid sucking some dust particles into the motor.

Contactless Drying

Stops marring & swirls
